Retail Planning for NetSuite

Why JustEnough Retail for NetSuite?

There are many reasons for choosing JustEnough Retail for your planning needs from our safe and secure OnCloud platform to our rapid time-to-value to our full integration to NetSuite. If any of the following sound familiar, JustEnough has the answers to your business challenges.

- Are you dependent on Excel for your retail planning?
- Are your financial planning and assortment planning processes not well coordinated?
- Are your margins being impacted by larger than planned markdowns and promotions?
- Are out-of-stocks lowering your service levels and customer satisfaction?
- Are your buyers overspending your budget?
- Do you want to reduce excess inventory levels?
